

NATIONAL COUNCIL

ON ELECTRICITY POLICY

NASEO Annual Meeting
Seattle, Washington

September 12, 2006

What is the National Council?

- Joint venture between:
 - National Conference of State Legislatures (NCSL),
 - National Association of Regulatory Utility Commissioners (NARUC),
 - National Association of State Energy Officials (NASEO), and
 - National Governor's Association (NGA).

- An influential group of state officials dedicated to electricity policy issues with:
 - Great opportunity to identify and address the needs of the states;
 - Ability to get the attention of federal policy-makers and regulators; and
 - Opportunity to share experiences and information across state and regional boundaries.

- Provides assistance to state policy-makers and regulators on issues such as:
 - renewable energy,
 - energy efficiency,
 - reliability,
 - financing,
 - advanced technologies, and
 - distributed energy resources.
