Energy Data & Assurance Planning Workshop Agenda

Brown Palace, 321 17th Street, Denver, Colorado 80202

Tuesday, April 20, 2010

Welcome & Introductions: Purpose and Objectives of the grant

Ballroom A

Alice Lippert, Office of Electricity Delivery and Energy Reliability, U.S. Department of Energy

1:30 pm – 2:15 pm

Energy Overview: EIA will present information on the data they collect and disseminate and other information resources helpful for participants to use during energy emergencies. Staff will navigate the EIA Website and present available resources.

Ballroom A

Doug Macintyre, Director of Energy Markets and Contingency Information, Energy Information Administration

Barbara Mariner-Volpe, Senior Technical Advisor, Office of Oil and Gas, Energy Information Administration

Michael Burdette, Consultant, Energy Information Administration

2:15 pm – 5:00 pm

Scenario Sessions: Attendees will participant in three challenging “mini” scenarios to address identification and collection of energy data needed for emergency response and situational awareness reporting.

Ballroom A

Stephen Folga, Energy Systems Engineer, Argonne National Laboratory

5:00 pm – 5:30 pm

Day 1 Closing and Wrap-up Summary: Participants will note down views and participate in open discussion with workshop attendees. Comments will be collected and compiled to share lessons learned from the Data Workshop.

Ballroom A

5:45 pm – 7:00 pm

Reception

Energy Data Workshop (Cont'd)

Wednesday, April 21, 2010

8:30 am – 8:45 am

Day One Highlights: Participants will be provided a short overview on EIA data and workshop scenario lessons learned.

Central City

8:45 am – 9:15 am

Energy Assurance Grants: Trends, Problems, and Reporting: Participants will have an opportunity to discuss progress and/or common problems with the Grants and ask questions regarding reporting and deliverables.

Central City

Jay Hanna, National Energy Technology Laboratory and Alice Lippert, Office of Electricity Delivery and Energy Reliability, U.S. Department of Energy

9:15 am – 10:00 am

Energy Disruption Tracking Systems: Panel Discussion on using the data learned from EIA and other resources to help States create their disruption tracking systems. A discussion of resources to identify State critical infrastructure.

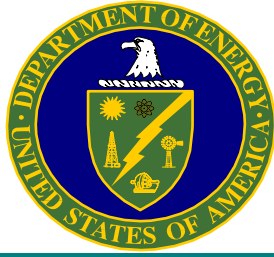

Central City

Jeff Pillon, National Association of State Energy Officials

Alice Lippert, Office of Electricity Delivery and Energy Reliability, U.S. Department of Energy

NCSL

10:00am – 10:15am	Break	
10:15am – 11:00am	<p>State & Local Energy Assurance Planning: Presentation and Interactive Discussion on how to create an Energy Assurance Plan. NASEO will present a template for creating a plan as well as answer questions and allow States to share best practices. State and Local Participants will preview the “Tabletop in a Box” product developed by NASEO and NARUC.</p> <p><i>Jeff Pillon, National Association of State Energy Officials</i> <i>Miles Keogh, National Association of Regulatory Utility Commissioners</i></p>	Central City
11:00am – 11:30am	<p>Wrap-up & Recap: Next steps, including grant deliverables and upcoming DOE sponsored activities</p> <p><i>Alice Lippert, Office of Electricity Delivery and Energy Reliability, U.S. Department of Energy</i></p>	Central City
