SECTION 1.  INTRODUCTION & INSTRUCTIONS

SEC. 1.01  PURPOSE OF THE RFP

The Alaska Energy Authority, is soliciting proposals for a STATE ENERGY SECURITY PLAN (SESP).

SEC. 1.02  BUDGET

Alaska Energy Authority, estimates a budget of between $100,000 and $150,000 dollars for completion of this project. Proposals priced at more than $150,000 will be considered non-responsive.

Payment for the contract is subject to funds already appropriated and identified.

SEC. 1.03  DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than 2 PM prevailing Alaska Time on AUGUST 18, 2022. Late proposals or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.04  PRIOR EXPERIENCE

In order for offers to be considered responsive, offerors must meet these minimum prior experience requirements:

- Provide evidence that the Offeror has at least 3 years of experience with energy security/emergency response planning;
- Provide evidence that the Offeror has at least 3 years of experience in cybersecurity planning, security, and training;
- Provide evidence of 3-5 recent projects in energy security/emergency response planning;
- Provide evidence that the Offeror has knowledge of how to exercise an energy security/emergency response plan.
- Provide evidence that the Offeror is familiar with State Energy Office function.

An offeror’s failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive.

SEC. 1.05  REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror’s proposals upon which award could not be made.

SEC. 1.06  QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

CONTRACT OFFICER: SELWIN RAY – PHONE 907.771.3035 - FAX 907.771.3044 –
SEC. 1.07 RETURN INSTRUCTIONS

Offerors must submit one hard copy of their proposal, in writing, to the procurement officer in a sealed package. The cost proposal included with the package must be sealed separately from the rest of the proposal and must be clearly identified. The sealed proposal package(s) must be addressed as follows:

Alaska Energy Authority

ANCHORAGE, AK 99503

If using a delivery service, please use the following address:

813 W. NORTHREN LIGHTS BLVD
ANCHORAGE, AK 99503

If submitting a proposal via email, the technical proposal and cost proposal must be saved as separate PDF documents and emailed to PROCUREMENT@AKENERGYAUTHORITY as separate, clearly labeled attachments, such as “Vendor A – Technical Proposal.pdf” and “Vendor A – Cost Proposal.pdf”. The email must contain the RFP number in the subject line.

The maximum size of a single email (including all text and attachments) that can be received by the state is 50mb (megabytes). If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror’s responsibility to contact the issuing agency at 907.771.3000 to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.08 ASSISTANCE TO OFFERORS WITH A DISABILITY

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the procurement officer no later than ten days prior to the deadline for receipt of proposals.

SEC. 1.09 AMENDMENTS TO PROPOSALS

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the state’s request in accordance with 2 AAC 12.290.
SEC. 1.10 AMENDMENTS TO THE RFP

If an amendment is issued before the deadline for receipt of proposals, it will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the State of Alaska Online Public Notice website.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 1.11 RFP SCHEDULE

RFP schedule set out herein represents the state’s best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of proposals, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Time.

This RFP does not, by itself, obligate the state. The state's obligation will commence when the contract is approved by the Executive Director of the Alaska Energy Authority, or the designee. Upon written notice to the contractor, the state may set a different starting date for the contract. The state will not be responsible for any work done by the contractor, even work done in good faith, if it occurs prior to the contract start date set by the state.

SEC. 1.12 PRE-PROPOSAL CONFERENCE

A pre-proposal conference will be held at 10:00 AM, Alaska Time, on AUGUST 3, 2022 via Microsoft Teams. The purpose of the conference is to discuss the work to be performed with the prospective offerors and allow them to ask questions concerning the RFP. Questions and answers will be transcribed and sent to prospective offerors as soon as possible after the meeting.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for the pre-proposal conference so that reasonable accommodation can be made. Participants may dial into the meeting using the following number:

SEC. 1.13 ALTERNATE PROPOSALS

Offerors may only submit one proposal for evaluation. In accordance with 2 AAC 12.830 alternate proposals (proposals that offer something different than what is asked for) will be rejected.

SEC. 1.14 NEWS RELEASES

News releases related to this RFP will not be made without prior approval of the project director.
SECTION 2. BACKGROUND INFORMATION

SEC. 2.01 BACKGROUND INFORMATION

The energy sector is uniquely critical as all other infrastructure sectors depend on power and/or fuel to operate. A threat on energy infrastructure can directly affect the security and resilience within and across other critical infrastructure sectors – threatening public safety, the economy, and national security.

Individual State Energy Security Plans (SESP) are an essential part of energy security planning. SESP's describe the state’s energy landscape, people, processes, risks, and the state’s strategy to build energy resilience. More specifically, the plans detail how a state, working with energy partners, can secure their energy infrastructure against all physical and cybersecurity threats; mitigate the risk of energy supply disruptions to the State; enhance the response to, and recovery from, energy disruptions; and ensure that the state has secure, reliable, and resilient energy infrastructure.

This project will result in a SESP for Alaska. The scope is tailored to meet the requirements of the Department of Energy (DOE) as outlined in Section 40108 of the bipartisan Infrastructure Investment and Jobs Act (IIJA) hereafter referred to as the “BIL.” The scope of work/guidance in this request covers DOE and AEA’s interpretation of how the six elements could be met – it is not exhaustive. Other methods for meeting the six elements are also acceptable.
SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION

SEC. 3.01 SCOPE OF WORK

The Alaska Energy Authority, is soliciting proposals for a STATE ENERGY SECURITY PLAN.

The selected consultant shall start the development, implementation, review, and revision of a SESP that includes:

1. Review of existing emergency response plan(s) to assess the current circumstances in the State.
2. Propose methods to strengthen the ability of the State, in consultation with owners and operators of the energy infrastructure in the State to:
   a. secure the energy infrastructure of the State against all physical and cybersecurity threats;
   b. mitigate the risk of energy supply disruptions to the State; and to enhance the response to, and recovery from, energy disruptions; and
   c. ensure the state has reliable, secure, and resilient energy infrastructure.

To meet the requirements set forward in the BIL, the SESP plan shall:

1. Assess all energy sources and regulated and unregulated energy providers;
2. Provide a State energy profile, including an assessment of energy production, transmission, distribution, and end use;
3. Address potential hazards to each energy sector or system, including –
   - Physical threats and vulnerabilities; and
   - Cybersecurity threats and vulnerabilities;
4. Provide a risk assessment of energy infrastructure and cross-sector interdependencies (special focus on natural gas in Cook Inlet);
5. Provide a risk mitigation approach to enhance reliability and end-use resilience; and
6. Address
   - Multi-State and regional coordination, planning, and response, and
   - Coordination with Indian Tribes with respect to planning and response; and
   - To the extent practicable, encourage mutual assistance in cyber and physical response plans.

A sample plan layout included with this solicitation provides a logical flow of information, organizing the six elements into practical sections that reduce redundancies. Consultants do not have to follow this exact format or flow, this is intended to provide examples and to serve as a reference.

To accomplish the goal of a SESP, the consultant shall facilitate meetings with the required entities identified by AEA. This will include the Department of Homeland Security (Division of Military and Veterans Affairs - DMVA), Regulatory Commission of Alaska, Representatives from private and public sectors, and other entities responsible for maintaining fuel or electric reliability and securing energy infrastructure. This work includes hosting and facilitating meetings (in person or via on-line platform), preparing agendas, maintaining meeting notes, and tracking attendees for each meeting.

Work under this award may include supporting transmission and distribution planning as needed to ensure safety and security of Alaskans statewide.

SEC. 3.02 CONTRACT TERM AND WORK SCHEDULE

The length of the contract will be from the date of award, approximately SEPTEMBER 9, 2022, for approximately NINE MONTHS until completion, approximately JUNE 30, 2023.
Unless otherwise provided in this RFP, the State and the successful offeror/contractor agree: (1) that any extension of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) the procurement officer will provide notice to the contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the procurement officer via a written contract amendment.

SEC. 3.03 DELIVERABLES

SEC. 3.04 CONTRACT TYPE

This contract is a T&E One (1) year contract with four (4) one (1) year extensions.

SEC. 3.05 PROPOSED PAYMENT PROCEDURES

The state will make payments based on a negotiated payment schedule. Each billing must consist of an invoice and progress report. No payment will be made until the progress report and invoice has been approved by the project director.

SEC. 3.06 PROMPT PAYMENT FOR STATE PURCHASES

Not Applicable.

¹ Deliverables will be requested if funding date can be extended
SEC. 3.07   CONTRACT PAYMENT

No payment will be made until the contract is approved by the Executive Director of Alaska Energy Authority or the designee. Under no conditions will the state be liable for the payment of any interest charges associated with the cost of the contract. The state is not responsible for and will not pay local, state, or federal taxes. All costs associated with the contract must be stated in U.S. currency.

Any single contract payment of $1 million or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

SEC. 3.08   CONTRACT PRICE ADJUSTMENTS

The contractor may request price adjustments, in writing, 30 days prior to the contract renewal date. Requests must be in writing and must be received 30 days prior to the contract renewal date. If the contractor fails to request a CPI price adjustment 30 days prior to the contract renewal date, the adjustment will be effective 30 days after the state receives their written request.

Price adjustments will be made in accordance with the percentage change in the U.S. Department of Labor Consumer Price Index (CPI-U) for All Urban Consumers, All Items, Urban Alaska.

The price adjustment rate will be determined by comparing the percentage difference between the CPI in effect for the base year six-month average (January through June OR July through December 20___); and each (January through June OR July through December 20___ six-month average) thereafter. The percentage difference between those two CPI issues will be the price adjustment rate. No retroactive contract price adjustments will be allowed.

All price adjustments must be approved by the procurement officer prior to the implementation of the adjusted pricing. Approval shall be in the form of a contract amendment issued by the procurement officer.

SEC. 3.09   MANDATORY REPORTING

Not Applicable.

SEC. 3.10   LOCATION OF WORK

The state WILL NOT provide workspace for the contractor. The contractor must provide its own workspace.

By signature on their proposal, the offeror certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the offeror cannot certify that all work will be performed in the United States, the offeror must contact the procurement officer in writing to request a waiver at least 10 days prior to the deadline for receipt of proposals.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the proposal as non-responsive, or cancel the contract.

SEC. 3.11   THIRD-PARTY SERVICE PROVIDERS

Not Applicable.
SEC. 3.12 SUBCONTRACTORS

Subcontractors may be used to perform work under this contract. If an offeror intends to use subcontractors, the offeror must complete the Submittal Form identified in Section 4.02 of this RFP.

An offeror's failure to provide this information with their proposal may cause the state to consider their proposal non-responsive and reject it.

Subcontractor experience SHALL be considered in determining whether the offeror meets the requirements set forth in SEC. 1.04 PRIOR EXPERIENCE.

If a proposal with subcontractors is selected, the state may require a signed written statement from each subcontractor that clearly verifies the subcontractor is committed to provide the good or services required by the contract.

The substitution of one subcontractor for another may be made only at the discretion and prior written approval of the project director or procurement officer.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

SEC. 3.13 JOINT VENTURES

Joint ventures will not be allowed.

SEC. 3.14 RIGHT TO INSPECT PLACE OF BUSINESS

At reasonable times, the state may inspect those areas of the contractor’s place of business that are related to the performance of a contract. If the state makes such an inspection, the contractor must provide reasonable assistance.

SEC. 3.15 F.O.B. POINT

All goods purchased through this contract will be F.O.B. final destination. Unless specifically stated otherwise, all prices offered must include the delivery costs to any location within the State of Alaska.

SEC. 3.16 CONTRACT PERSONNEL

Any change of the project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the project director or procurement officer. Changes that are not approved by the state may be grounds for the state to terminate the contract.

SEC. 3.17 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES

The contractor is responsible for the completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the project director. The state may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The project director or procurement officer may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract’s intent. The contractor will not unreasonably withhold such changes.
Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

SEC. 3.18 LIQUIDATED DAMAGES

Not Applicable.

SEC. 3.19 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the project director will provide the contractor a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured any required state approvals necessary for the amendment and issued a written contract amendment, approved by the Executive Director of Alaska Energy Authority or the designee.

SEC. 3.20 NONDISCLOSURE AND CONFIDENTIALITY

Contractor agrees that all confidential information shall be used only for purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. The contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage, disclosure, publication, dissemination to and/or use by third parties of, the confidential information. “Reasonable care” means compliance by the contractor with all applicable federal and state law, including the Social Security Act and HIPAA. The contractor must promptly notify the state in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to or use of the confidential information.

Confidential information, as used herein, means any data, files, software, information or materials (whether prepared by the state or its agents or advisors) in oral, electronic, tangible or intangible form and however stored, compiled or memorialized that is classified confidential as defined by State of Alaska classification and categorization guidelines provided by the state to the contractor or a contractor agent or otherwise made available to the contractor or a contractor agent in connection with this contract, or acquired, obtained or learned by the contractor or a contractor agent in the performance of this contract. Examples of confidential information include, but are not limited to: technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc).

If confidential information is requested to be disclosed by the contractor pursuant to a request received by a third party and such disclosure of the confidential information is required under applicable state or federal law, regulation, governmental or regulatory authority, the contractor may disclose the confidential information after providing the state with written notice of the requested disclosure (to the extent such notice to the state is permitted by applicable law) and giving the state opportunity to review the request. If the contractor receives no objection from the state, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the state within a reasonable time.
after the contractor’s receipt of notice of the requested disclosure and, upon request of the state, shall seek to obtain legal protection from the release of the confidential information.

The following information shall not be considered confidential information: information previously known to be public information when received from the other party; information freely available to the general public; information which now is or hereafter becomes publicly known by other than a breach of confidentiality hereof; or information which is disclosed by a party pursuant to subpoena or other legal process and which as a result becomes lawfully obtainable by the general public.

SEC. 3.21 INDEMNIFICATION

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. “Contractor” and “contracting agency”, as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term “independent negligence” is negligence other than in the contracting agency’s selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor’s work.

SEC. 3.22 INSURANCE REQUIREMENTS

Without limiting contractor’s indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor’s policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the procurement officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor’s services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

Workers’ Compensation Insurance: The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the State.

Commercial General Liability Insurance: covering all business premises and operations used by the Contractor in the performance of services under this agreement with minimum coverage limits of $300,000 combined single limit per claim.

Commercial Automobile Liability Insurance: covering all vehicles used by the contractor in the performance of services under this agreement with minimum coverage limits of $300,000 combined single limit per claim.
SEC. 3.23 TERMINATION FOR DEFAULT

If the project director or procurement officer determines that the contractor has refused to perform the work or has failed to perform the work with such diligence as to ensure its timely and accurate completion, the state may, by providing written notice to the contractor, terminate the contractor's right to proceed with part or all of the remaining work.

This clause does not restrict the state's termination rights under the contract provisions of Appendix A, attached in SECTION 7. ATTACHMENTS.
SECTION 4. PROPOSAL FORMAT AND CONTENT

SEC. 4.01 RFP SUBMITTAL FORMS

This RFP contains Submittal Forms, which must be completed by the offeror and submitted as their proposal. An electronic copy of the forms is posted along with this RFP. Offerors shall not re-create these forms, create their own forms, or edit the format structure of the forms unless permitted to do so.

Unless otherwise specified in this RFP, the Submittal Forms shall be the offeror’s entire proposal. Do not include any marketing information in the proposal.

Any proposal that does not follow these requirements may be deemed non-responsive and rejected.

SEC. 4.02 SPECIAL FORMATTING REQUIREMENTS

The offeror must ensure that their proposal meets all special formatting requirements identified in this section.

**Documents and Text:** All attachment documents must be written in the English language, be single sided, and be single spaced with a minimum font size of 10. Pictures or graphics may be used if the offeror feels it is necessary to communicate their information, however, be aware of the below requirements for page limits.

**Anonymity:** Some Submittal Forms listed below must not contain any names that can be used to identify who the offeror is (such as company names, offeror name, company letterhead, personnel names, project names, subconsultant names, manufacturer or supplier names, or product names).

**Page Limits:** Some Submittal Forms listed below have maximum page limit requirements. Offerors must not exceed the maximum page limits. Note, the page limit applies to the front side of a page only (for example, ‘1 Page’ implies that the offeror can only provide a response on one side of a piece of paper).

Any Submittal Form that is being evaluated and does not follow these instructions may receive a ‘1’ score for the evaluated Submittal Form, or the entire response may be deemed non-responsive and rejected. Failure to submit any of the Submittal Forms will result in the proposal being deemed non-responsive and rejected.

SEC. 4.03 OFFEROR INFORMATION AND CERTIFICATIONS (SUBMITTAL FORM A)

The offeror must complete and submit this Submittal Form. The form must be signed by an individual authorized to bind the offeror to the provisions of the RFP.

By signature on the form, the offeror certifies they comply with the following:

a) the laws of the State of Alaska;
b) the applicable portion of the Federal Civil Rights Act of 1964;

c) the Equal Employment Opportunity Act and the regulations issued thereunder by the federal government;

d) the Americans with Disabilities Act of 1990 and the regulations issued thereunder by the federal government;

e) all terms and conditions set out in this RFP;

f) a condition that the proposal submitted was independently arrived at, without collusion, under penalty of perjury; and

g) that the offers will remain open and valid for at least 90 days.

If any offeror fails to comply with [a] through [g] of this paragraph, the state reserves the right to disregard the proposal, terminate the contract, or consider the contractor in default.

The Submittal Form also requests the following information:

a) The complete name and address of offeror’s firm along with the offeror’s Tax ID.

b) Information on the person the state should contact regarding the proposal.

c) Names of critical team members/personnel.

d) Addenda acknowledgement.

e) Conflict of interest statement.

f) Federal requirements.

g) Alaska preference qualifications.

An offeror's failure to address/respond/include these items may cause the proposal to be determined to be non-responsive and the proposal may be rejected.

SEC. 4.04 EXPERIENCE AND QUALIFICATIONS (SUBMITTAL FORM B)

Offerors must provide detail on the personnel assigned to accomplish the work called for in this RFP; illustrate the lines of authority; designate the individual responsible and accountable for the completion of each component and deliverable of the RFP.

Offerors must provide a narrative description of the organization of the project team and a personnel roster that identifies each person who will actually work on the contract along with their titles and location(s) where work will be performed.

Offerors must also provide reference names and phone numbers for similar projects the offeror’s firm has completed.

SPECIAL NOTE: The offeror shall not disclose their costs in this Submittal Form. This Submittal Form shall be kept anonymous and must not contain any names that can be used to identify who the offeror is and cannot exceed the page limit (as described in Section 4.02).

SEC. 4.05 UNDERSTANDING OF THE PROJECT (SUBMITTAL FORM C)

Offerors must provide comprehensive narrative statements that illustrate their understanding of the requirements of the project and the project schedule.
SPECIAL NOTE: The offeror shall not disclose their costs in this Submittal Form. This Submittal Form shall be kept anonymous and must not contain any names that can be used to identify who the offeror is and cannot exceed the page limit (as described in Section 4.02).

SEC. 4.06 METHODOLOGY USED FOR THE PROJECT (SUBMITTAL FORM D)
Offerors must provide comprehensive narrative statements that set out the methodology they intend to employ and illustrate how the methodology will serve to accomplish the work and meet the state’s project schedule.

SPECIAL NOTE: The offeror shall not disclose their costs in this Submittal Form. This Submittal Form shall be kept anonymous and must not contain any names that can be used to identify who the offeror is and cannot exceed the page limit (as described in Section 4.02).

SEC. 4.07 MANAGEMENT PLAN FOR THE PROJECT (SUBMITTAL FORM E)
Offerors must provide comprehensive narrative statements that set out the management plan they intend to follow and illustrate how the plan will serve to accomplish the work and meet the state’s project schedule.

SPECIAL NOTE: The offeror shall not disclose their costs in this Submittal Form. This Submittal Form shall be kept anonymous and must not contain any names that can be used to identify who the offeror is and cannot exceed the page limit (as described in Section 4.02).

SEC. 4.08 SUBCONTRACTORS (SUBMITTAL FORM F)
If using subcontractors, the offeror must complete and submit this Submittal Form.

SEC. 4.09 COST PROPOSAL (SUBMITTAL FORM G)
Offerors must complete and submit this Submittal Form. Proposed costs must include all direct and indirect costs associated with the performance of the contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person’s time devoted to the project, and profit. The costs identified on the cost proposal are the total amount of costs to be paid by the state. No additional charges shall be allowed.

SEC. 4.10 BID BOND – PERFORMANCE BOND – SURETY DEPOSIT
Not Applicable.
SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The state will use the following steps to evaluate and prioritize proposals:

1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.

2) A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate specific parts of the responsive proposals.

3) The Submittal Forms, from each responsive proposal, will be sent to the PEC. No cost information will be shared or provided to the PEC.

4) The PEC will independently evaluate and score the documents based on the degree to which they meet the stated evaluation criteria.

5) After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.

6) The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.

7) The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.

8) The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.

9) The state will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

SEC. 5.03 SCORING METHOD AND CALCULATION

The PEC will evaluate responses against the questions set out in Sections 5.04 through 5.07 and assign a single score for each section. Offerors’ responses for each section will be rated comparatively against one another with each PEC member assigning a score of 1, 5, or 10 (with 10 representing the highest score, 5 representing the average score, and 1 representing the lowest score). Responses that are similar or lack dominant information to differentiate the offerors from each other will receive the same score. Therefore, it is the offeror’s responsibility to provide dominant information and differentiate themselves from their competitors.

After the PEC has scored each section, the scores for each section will be totaled and the following formula will be used to calculate the amount of points awarded for that section:

\[
\text{Offeror Total Score} \times \frac{\text{Max Points}}{\text{Highest Total Score Possible}} = \text{Points Awarded}
\]

**Example (Max Points for the Section = 100):**

**Offeror 3** was awarded 100 points:

\[

\]
SEC. 5.04 EXPERIENCE AND QUALIFICATIONS

Offeror’s proposed organization and staffing resources will be evaluated to assess the Offeror’s capability and commitment to carry out the duties and responsibilities of this RFP.

The evaluation committee will evaluate the key management personnel and supporting personnel proposed for this Contractor’s responsibilities, based on experiences listed under the individual resumes.

Specifically, proposals will be evaluated based on the following criteria:

- Organization of key personnel assigned to the project (including professional work experience in Alaska and years of hands-on experience with similar types of projects or programs in Alaska and nationwide).
- Offeror’s experience with energy utility sector cybersecurity.
- Offeror’s experience with State Energy Office’s.
- Offeror’s experience with natural gas production and risk assessment strategies
- Clear identification of roles key team members play for specific tasks performed, including key personnel resumes and credentials.
- Offeror’s financial condition and stability sufficient to meet all terms of the contract
- Offeror’s experience working with federal, State of Alaska and other Alaskan government entities and tribal organizations statewide relative to the required work described in this RFP, including examples of projects. Offeror’s experience at a national level is encouraged.

Past Performance on Projects of Similar Scope for Public Agencies or Private Industry

- Pertinence and description of services provided in past three (3) years related to this submittal
- Quality of a previous work sample submitted
- Demonstrated ability to complete awarded work within allotted time. (Has Offeror failed to complete any awarded work, e.g. terminated for default or failed to complete a contract in the last 5 years)
- Demonstrated experience with utility sector cybersecurity
- Demonstrated experience with natural gas production and risk assessment strategies
- Reference quality

SEC. 5.05 UNDERSTANDING OF THE PROJECT

This portion of the offeror’s proposal will be evaluated against the following questions:

- How well has the offeror demonstrated a thorough understanding of the purpose and scope of the project?
- How well has the offeror identified pertinent issues and potential problems related to the project?
- To what degree has the offeror demonstrated an understanding of the deliverables the state expects it to provide?

SEC. 5.06 METHODOLOGY USED FOR THE PROJECT

The evaluation committee will evaluate the Offeror’s approach and comprehensiveness of the proposal, as it relates to the services requested in the Scope of Work, based on the following:

- Approach and overall strategy to effectively carry out the project objectives.
- Comprehensiveness of proposed plan including work plan proposed deliverables.
- Overall presentation and professionalism of the proposal.
- Demonstrated understanding of the emergency management response framework in Alaska.
- Demonstrated thorough understanding of the purpose and scope of Contractor’s responsibilities as related to requirements of this RFP

SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT

This portion of the offeror’s proposal will be evaluated against the following questions:

- How well does the management plan support all of the project requirements and logically lead to the deliverables required in the RFP?
- How well is accountability completely and clearly defined?
- Is the organization of the project team clear?
- How well does the management plan illustrate the lines of authority and communication?
- To what extent does the offeror already have the hardware, software, equipment, and licenses necessary to perform the contract?
- Does it appear that the offeror can meet the schedule set out in the RFP?
- Has the offeror gone beyond the minimum tasks necessary to meet the objectives of the RFP?
- To what extent has the offeror identified potential problems?

SEC. 5.08 CONTRACT COST (COST PROPOSAL)

Overall, a minimum of 40% of the total evaluation points will be assigned to cost.

Proposed costs must include all direct and indirect costs associated with the performance of the contract, including, but not limited to, total number of hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person’s time devoted to the project, and profit. The costs identified on the cost proposal are the total amount of costs to be paid by the state. No additional charges shall be allowed.

This contract will be awarded as a time and expense contract. Please submit the proposed staff cost list with a cost proposal to perform the Scope of Work in Section 3.

After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

$$\frac{[(Price \ of \ Lowest \ Cost \ Proposal) \times (Maximum\ Points\ for\ Cost)]}{(Cost\ of\ Each\ Higher\ Priced\ Proposal)}$$

**Example (Max Points for Contract Cost = 400):**

**Step 1**
List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

| Offeror #1  | $40,000  |
| Offeror #2  | $42,750  |
| Offeror #3  | $47,500  |

**Step 2**
In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

**Offeror #1 receives 400 points.**

The reason they receive that amount is because the lowest cost proposal, in this case $40,000, receives the maximum number of points allocated to cost, 400 points.

**Offeror #2 receives 374.3 points.**

$40,000 lowest cost x 400 maximum points for cost = 16,000,000 ÷ $42,750 cost of Offeror #2’s proposal = 374.3

**Offeror #3 receives 336.8 points.**

$40,000 lowest cost x 400 maximum points for cost = 16,000,000 ÷ $47,500 cost of Offeror #3’s proposal = 336.8

**SEC. 5.09 APPLICATION OF PREFERENCES**

**SEC. 5.10 ALASKA BIDDER PREFERENCE**

Not Applicable.

**SEC. 5.11 ALASKA VETERAN PREFERENCE**

Not Applicable.

**SEC. 5.12 ALASKA OFFEROR PREFERENCE**

Not Applicable.

**SEC. 5.13 OFFEROR NOTIFICATION OF SELECTION**

After the completion of contract negotiation, the procurement officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submitted proposals. The notice will list the names of all offerors and identify the offeror selected for award.
SECTION 6. GENERAL PROCESS AND LEGAL INFORMATION

SEC. 6.01 INFORMAL DEBRIEFING

When the contract is completed, an informal debriefing may be performed at the discretion of the project director or procurement officer. If performed, the scope of the debriefing will be limited to the work performed by the contractor.

SEC. 6.02 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by Alaska Department of Revenue.

Prior the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by Alaska Statute.

SEC. 6.03 STANDARD CONTRACT PROVISIONS

The contractor will be required to sign the state’s Standard Agreement Form for Professional Services Contracts (form SAF.DOC/Appendix A). This form is attached with the RFP for your review. The contractor must comply with the contract provisions set out in this attachment. No alteration of these provisions will be permitted without prior written approval from the Department of Law, and the state reserves the right to reject a proposal that is non-compliant or takes exception with the contract terms and conditions stated in the Agreement. Any requests
to change language in this document (adjust, modify, add, delete, etc.), must be set out in the offeror’s proposal in a separate document. Please include the following information with any change that you are proposing:

1) Identify the provision that the offeror takes exception with.

2) Identify why the provision is unjust, unreasonable, etc.

3) Identify exactly what suggested changes should be made.

SEC. 6.04 QUALIFIED OFFERORS

Per 2 AAC 12.875, unless provided for otherwise in the RFP, to qualify as an offeror for award of a contract issued under AS 36.30, the offeror must:

1) Add value in the contract by actually performing, controlling, managing, or supervising the services to be provided; or

2) Be in the business of selling and have actually sold on a regular basis the supplies that are the subject of the RFP.

If the offeror leases services or supplies or acts as a broker or agency in providing the services or supplies in order to meet these requirements, the procurement officer may not accept the offeror as a qualified offeror under AS 36.30.

SEC. 6.05 PROPOSAL AS PART OF THE CONTRACT

Part of all of this RFP and the successful proposal may be incorporated into the contract.

SEC. 6.06 ADDITIONAL TERMS AND CONDITIONS

The state reserves the right to add terms and conditions during contract negotiations. These terms and conditions will be within the scope of the RFP and will not affect the proposal evaluations.

SEC. 6.07 HUMAN TRAFFICKING

By signature on their proposal, the offeror certifies that the offeror is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State’s Trafficking in Persons Report.

The most recent United States Department of State’s Trafficking in Persons Report can be found at the following website: https://www.state.gov/trafficking-in-persons-report/

Failure to comply with this requirement will cause the state to reject the proposal as non-responsive or cancel the contract.

SEC. 6.08 RIGHT OF REJECTION

Offerors must comply with all of the terms of the RFP, the State Procurement Code (AS 36.30), and all applicable local, state, and federal laws, codes, and regulations. The procurement officer may reject any proposal that does not comply with all of the material and substantial terms, conditions, and performance requirements of the RFP.

Offerors may not qualify the proposal nor restrict the rights of the state. If an offeror does so, the procurement officer may determine the proposal to be a non-responsive counter-offer and the proposal may be rejected.

Minor informalities that:
• do not affect responsiveness;
• are merely a matter of form or format;
• do not change the relative standing or otherwise prejudice other offers;
• do not change the meaning or scope of the RFP;
• are trivial, negligible, or immaterial in nature;
• do not reflect a material change in the work; or
• do not constitute a substantial reservation against a requirement or provision;

may be waived by the procurement officer.

The state reserves the right to refrain from making an award if it determines that to be in its best interest. A proposal from a debarred or suspended offeror shall be rejected.

SEC. 6.09  STATE NOT RESPONSIBLE FOR PREPARATION COSTS

The state will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any proposal.

SEC. 6.10  DISCLOSURE OF PROPOSAL CONTENTS

All proposals and other material submitted become the property of the State of Alaska and may be returned only at the state’s option. AS 40.25.110 requires public records to be open to reasonable inspection. All proposal information, including detailed price and cost information, will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, proposals will become public information.

The Office ofProcurement and Property Management (OPPM), or their designee recognizes that some information an offeror submits might be confidential under the United States or the State of Alaska Constitution, a federal statute or regulation, or a State of Alaska statute: i.e., might be confidential business information (CBI). See, e.g., article 1, section 1 of the Alaska Constitution; AS 45.50.910 – 45.50.945 (the Alaska Uniform Trade Secrets Act); DNR v. Arctic Slope Regional Corp., 834 P.2d 134, 137-39 (Alaska 1991). For OPPM or their designee to treat information an offeror submits with its proposal as CBI, the offeror must do the following when submitting their proposal: (1) mark the specific information it asserts is CBI; and (2) for each discrete set of such information, identify, in writing, each authority the offeror asserts make the information CBI. If the offeror does not do these things, the information will become public after the Notice of Intent to Award is issued. If the offeror does these things, OPPM or their designee will evaluate the offeror’s assertion upon receiving a request for the information. If OPPM or their designee reject the assertion, they will, to the extent permitted by federal and State of Alaska law, undertake reasonable measures to give the offeror an opportunity to object to the disclosure of the information.

SEC. 6.11  ASSIGNMENT

Per 2 AAC 12.480, the contractor may not transfer or assign any portion of the contract without prior written approval from the procurement officer.

SEC. 6.12  DISPUTES

A contract resulting from this RFP is governed by the laws of the State of Alaska. If the contractor has a claim arising in connection with the agreement that it cannot resolve with the State by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – AS 36.30.632. To the extent not otherwise governed by the preceding, the claim shall be brought only in the Superior Court of the State of Alaska and not elsewhere.
SEC. 6.13  SEVERABILITY
If any provision of the contract or agreement is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and, the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

SEC. 6.14  SUPPLEMENTAL TERMS AND CONDITIONS
Proposals must comply with Section 6.08 Right of Rejection. However, if the state fails to identify or detect supplemental terms or conditions that conflict with those contained in this RFP or that diminish the state’s rights under any contract resulting from the RFP, the term(s) or condition(s) will be considered null and void. After award of contract:

If conflict arises between a supplemental term or condition included in the proposal and a term or condition of the RFP, the term or condition of the RFP will prevail; and

If the state’s rights would be diminished as a result of application of a supplemental term or condition included in the proposal, the supplemental term or condition will be considered null and void.

SEC. 6.15  SOLICITATION ADVERTISING
Public notice has been provided in accordance with 2 AAC 12.220.

SEC. 6.16  SITE INSPECTION
The state may conduct on-site visits to evaluate the offeror’s capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the state reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state’s expense will make site inspection.

SEC. 6.17  CLARIFICATION OF OFFERS
In order to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

SEC. 6.18  DISCUSSIONS WITH OFFERORS
The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror’s immediate previous proposal is considered the offeror’s best and final proposal.
Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 6.19 CONTRACT NEGOTIATION

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the state may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If contract negotiations are commenced, they may be held in the REDOUBT conference room on the 1ST floor of the AIDEA/AEA Building in ANCHORAGE, Alaska.

If the contract negotiations take place in ANCHORAGE, Alaska, the offeror will be responsible for their travel and per diem expenses.

SEC. 6.20 FAILURE TO NEGOTIATE

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

the state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

SEC. 6.21 FEDERALLY IMPOSED TARIFFS

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The contractor must promptly notify the procurement officer in writing of any new, increased, or decreased federal excise tax or duty that may result in either an increase or decrease in the contract price and shall take appropriate action as directed by the procurement officer.

- **After-imposed or Increased Taxes and Duties:** Any federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
  a) The tax or duty takes effect after the contract award date and isn’t otherwise addressed by the contract;
  b) The contractor warrants, in writing, that no amount of the newly imposed federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.

- **After-relieved or Decreased Taxes and Duties:** The contract price shall be decreased by the amount of any decrease in federal excise tax or duty for goods or services under the contract, except social security
or other employment taxes, that the contractor is required to pay or bear, or does not obtain a refund of, through the contractor’s fault, negligence, or failure to follow instructions of the procurement officer.

- **State’s Ability to Make Changes:** The state reserves the right to request verification of federal excise tax or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.

- **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds $250.

**SEC. 6.22 PROTEST**

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester’s representative;
- identification of the contracting agency and the solicitation or contract at issue;
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and
- the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer’s decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies.”
